SUSTAINABLE

Made using renewable resources that when harvested, do not disrupt the ecological balance. Products are sustainable by reducing or eliminating pollutants and striving for minimal waste throughout the supply chain.

BIODEGRADABLE

Made of biodegradable material. Each item can naturally degrade and breakdown.

Cork (BGE3000) is referred to as "nature's most sustainable material". It is renewable and 100% biodegradable.

Wheat straw (SG20701, WSBMC) is made from the stalk of harvested wheat. It is 100% biodegradable and natural.

RPET

Made from post-consumer plastic bottles. Recycled polyester is obtained by melting down existing plastic bottles and creating new polyester fiber.

Terrific Tie-Dye

The sun is out and the skies are clear. Whether you're young or just young at heart, it's time to break out that tie-dye and enjoy the season.

Tie-dye is a trend that stands the test of time. Year after year, as the sun comes out and spring turns into summer, tie-dye re-emerges once again. No two shirts dyed this way will look the same, allowing your unique taste and individual style to shine. The bright colors and unexpected patterns of tie-dye make it something fun for all!

Now is a great time to capitalize as tie-dye is often associated with summery vibes, making the look ideal for spring and summer promotions.
